04-25-05 **BELLY BEAUTIFUL**

So you're pregnant and not feeling so foxy. Or your feeling foxy but you just don't have the wardrobe to match (this one's for you Britney). What do you do? There are a few simple answers, the first of which is: Head straight to [Belly Maternity!](#)

The only store in Canada to carry Diane von Furstenberg maternity (non-pregos eat your heart out), as well as a host of other celebrity adorned lines from across the map. Belly is a must-shop for pregnant fashionistas of all shapes and sizes.

Here are our top picks for spring/summer:

Mustwear

The dress-up, down and all around comfy cotton/modal shirt by **Cadeau** (You'll live in this one). Side ruching makes it easy (and flattering) to wear from week one to 42. Comes in long sleeve (\$155), three-quarter and sleeveless (\$135), in a rainbow of seasonal colours.

Takeyouanywear

Red cotton halter dress with scalloped bottom by **Cadeau** is too cute (and sexy) for words. Great bust line and A line. \$185.

Cutewear

Belly's own sear sucker baby doll tops with removable straps (for grade 3 chic) in fab colour combos like sherbet, aqua and pink. \$85.

Coolwear

White embroidered tunic by Cadeau takes preg-hip to whole new level. \$210.

Lightwear

Ultra thin, brushed-cotton Ts and tanks by **Nom** (think Denise Richards) in candy colours. Great for layering. From \$85.

Jeanwear

James jeans paneled by Belly. Cheaper and stretchier than Sevens. Great ass! \$240.

Formalwear

Long, black, spaghetti straps, cowl-like neck. Very sexy, very slimming by **Diane von Furstenberg**. \$460.
