615 Mount Pleasant Rd., Toronto,  
416-440-1734, [bellymaternity.ca](http://bellymaternity.ca).

This shop is for haute mommies, with an extensive selection of Liz Lange Maternity, Diane von Furstenberg's maternity wrap dresses, and almost every item from the Cadeau maternity collection. The look is Lurex lace in ivory, cream and metallic, and loose, flirty skirts. The house label offers wallet-friendly, body-conscious draped, cowled and ruched jersey tops in neutrals, red, coral and ochre. Cotton sundresses and crisp, tailored cotton shirts in solids and stripes are perfect for the office, and denim duo Chip & Pepper's maternity jeans (originally designed for Jennifer Garner to bend, squat and kick in on *Alias*) are the hot item this spring. All this, as well as super-stretchy Eberjey and Belabumbum maternity lingerie, and the expectant mother's holy grail: a diaper bag that's functional but looks like a Hogan, in solid canvas from Rafé New York.
