

MATERNITY CLOTHES

Pregnant blossoms know that floppy trumpet cuts and pinafores aren't just a cruel joke. That's what's out there—except at **Belly**, where Earl jeans come with expandable panels, Diane von Furstenberg dresses wrap and hug, and you can semi-formal hiply in pink sequined miniskirts by Liz Lange. If it's a girl, come back for cute little togs by Petit Cadeau. *615 Mount Pleasant Rd., 416-440-1734.*
